CEO COMMENTARY AND OUTLOOK

Lachie Given, Chief Executive Officer, stated, "We began fiscal 2024 with another outstanding quarter. Our PLO was the highest on record in our first quarter, and total revenues were the highest for any quarter in our history. The challenging macro-economic backdrop continues to drive increased demand for our two core products, which are satisfying the short term cash needs of our customers and selling pre-owned and recycled goods.

"We remain committed to market-leading customer service in the neighborhoods in which we serve. We continue to invest in our team members, technology, process efficiencies and automation, to provide fast, convenient and respectful cash solutions and affordable pre-owned and recycled jewelry and general merchandise to cost-conscious and environmentally concerned consumers. This consistent service to our customers and investment in our teams and technology continue to produce outstanding operating and financial results for our shareholders.

"During the first quarter, we also acquired one store in Texas and opened five de novo stores in Latin America. In Guatemala, we added 3 stores, expanding our market leadership there with a total of 120 stores, and in Mexico, we added 2 stores. We now have a total of 1,237 stores across the organization and over 7,700 team members. Our strong balance sheet and cash liquidity enable us to capitalize upon potential growth opportunities in a disciplined way.

"MaxPawn, the luxury pawnbroking business we acquired in December 2022, had a strong 2023 holiday season. While still a small part of the business, MaxPawn and the luxury category as a whole represent an exciting component of our future.

"We now have 4.2 million EZ+ Rewards members across all geographies, an increase of 75% over the first quarter of 2023 and 11% over last quarter. We are focused on driving increased engagement with this large customer set as we seek to increase market share and share of wallet in all of the neighborhoods in which we serve.

"We are committed to doing everything we can to retain and incentivize our passionate, engaged and productive team members because it is their operational excellence and superior customer service that drive our financial results and ultimately enhance value for all shareholders. We are proud to have also been recognized during the quarter by Newsweek as one of America's Greatest Workplaces for Diversity 2024.

"Thank you to all EZCORP team members for an exceptional quarter of operating and financial results to commence the 2024 fiscal year," concluded Given.

Non-GAAP Financial Information (Unaudited)

In addition to the financial information prepared in conformity with accounting U.S. generally accepted accounting principles ("GAAP"), we provide certain other non-GAAP financial information on a constant currency ("constant currency") and adjusted basis. We use constant currency results to evaluate our Latin America Pawn operations, which are denominated primarily in Mexican pesos, Guatemalan quetzales and other Latin American currencies. We believe that presentation of constant currency and adjusted results is meaningful and useful in understanding the activities and business metrics of our operations and reflect an additional way of viewing aspects of our business that, when viewed with GAAP results, provide a more complete understanding of factors and trends affecting our business. We provide non-GAAP financial information for informational purposes and to enhance understanding of our GAAP consolidated financial statements. We use this non-GAAP financial information primarily to evaluate and compare operating results across accounting periods.

Readers should consider the information in addition to, but not instead of or superior to, our financial statements prepared in accordance with GAAP. This non-GAAP financial information may be determined or calculated differently by other companies, limiting the usefulness of those measures for comparative purposes.

Constant currency results reported herein are calculated by translating consolidated balance sheet and consolidated statement of operations items denominated in local currency to U.S. dollars using the exchange rate from the prior-year comparable period, as opposed to the current period, in order to exclude the effects of foreign currency rate fluctuations. In addition, we have an equity method investment that is denominated in Australian dollars and is translated into U.S. dollars. We used the end-of-period rate for balance sheet items and the average closing daily exchange rate on a monthly basis during the appropriate period for statement of operations items. The end-of-period and approximate average exchange rates for each applicable currency as compared to U.S. dollars as of and for the three months ended December 31, 2023 and 2022 were as follows:

	December 31,		Three Months Ended December 31,	
	2023	2022	2023	2022
Mexican peso	17.0	19.5	17.5	19.7

Honduran lempira	24.3	24.4	24.4	24.3
Australian dollar	1.5	1.5	1.5	1.5

Our statement of operations constant currency results reflect the monthly exchange rate fluctuations and so are not directly calculable from the above rates. Constant currency results, where presented, also exclude the foreign currency gain or loss.
